Fees and Expenses

Schedule of Fees
All regularly enrolled students, both undergraduate and graduate, pay registration fees determined by the number of units per quarter. Legal residents of California are not charged tuition. In addition to registration fees, nonresident and foreign students pay tuition fees. Mandatory systemwide fees are waived for those individuals who qualify for such exemption under the provisions of the California Education Code (see Student Fee Waivers).

State University Fee
The State University Fee is divided into two categories depending on the number of units for which a student is registered. Students may register for up to six units per quarter at the lower rate. The higher rate is charged if the total units taken during the quarter exceeds six.

Registration Fees Per Quarter
Registration Fees are the sum of two types of fees: 1) Campus-Wide Fees that are payable irrespective of college, and 2) Campus Academic Fees, which vary by college/academic unit. Campus-wide fees include: State University Fee, Associated Students Fee, Health Facilities Fee, Instructionally Related Activities Fee, Health Services Fee, University Union Fee, and Campus Services Card Fee. Nonresident and foreign students also pay tuition of $188 per unit.

Fees listed here were in effect at the time this catalog was printed and are for informational purposes only. This list is not to be used as a schedule of current fees. Unless otherwise noted, fees indicated are by quarter. The total fees paid per term will be determined by the number of units taken and the college of attendance.

Cal Poly registration fees must be paid prior to registration and be received at least two working days before the students scheduled registration time. Students receiving financial aid will have their registration fees deferred. If the amount awarded is insufficient to pay fees in full, students will be billed for the balance.

If a check is returned by the bank for any reason, registration access may be cancelled and you will be charged a $10.00 returned check processing fee. Your student account balance, registration access, and hold status can be checked online using MustangInfo.

Fees and tuition are subject to change upon approval by the President, the CSU Chancellor or Board of Trustees. Please consult the current Class Schedule “Fee Payment Instructions”, and the Cal Poly fees website at www.fees.calpoly.edu for the most current information on fees applicable to the quarter for which you are registering.

Student Fee Waivers
The California Education Code includes provisions for the waiver of mandatory systemwide fees as follows:

- Children of deceased public law enforcement or fire suppression employees who were California residents and who were killed in the course of law enforcement or fire suppression duties (referred to as Alan Pattee Scholarships);
- Section 66025.3 – Qualifying children, spouses, or unmarried surviving spouses of a war period veteran of the U.S. military who is totally service-connected disabled or who died as a result of service-related causes; children of any veteran of the U.S. military who has a service-connected disability, was killed in action, or died of a service-connected disability and meets specified income provisions; qualifying dependents of a member of the California National Guard who in the line of duty and in active service of the state was killed or became permanently disabled or died of a disability as a result of an event while in active service of the state; and undergraduate students who are the recipient of or the child of a recipient of a Congressional Medal of Honor and meet age and income restrictions; and
- Section 68121 – Students enrolled in an undergraduate program who are the surviving dependent of any individual killed in the September 11, 2001, terrorist attacks on the World Trade Center in New York City, the Pentagon building in Washington, D.C., or the crash of United Airlines Flight 93 in southwestern Pennsylvania, if the student meets the financial need requirements set forth in Section 69432.7 for the Cal Grant A Program and either the surviving dependent or the individual killed in the attacks must have been a resident of California on September 11, 2001.

Students who may qualify for these benefits should contact the Admissions Office for further information and/or an eligibility determination.

</table>

1 During summer quarter, the University may use an optional 8 unit cutoff.

Late Registration
Late registration fee (See Class Schedule for dates when this fee will be assessed.) $25.00

Tuition for Nonresident Students
Nonresident tuition (in addition to other fees charged all students) per quarter unit $188.00

Room and Board (On-Campus)
Regular Room, annual license, double occupancy.
Academic year $4,259.00
Summer quarter $1,280.00
Meals (required for all students who live on campus)
Meal plan, academic year $3,144.00
Meal plan, full summer quarter $950.00

Parking Fees
Motorcycles, quarterly $15.00
Quarterly $60.00
Quarterly pool (2 or more vehicles), each pool $60.00
Daily permits $2.50
Weekly permits $7.00

Miscellaneous Fees
Application fee (nonrefundable) $55.00
Check returned for any cause $20.00

Refund of Fees Including Nonresident Tuition
Regulations governing the refund of mandatory fees, including nonresident tuition, for students enrolling at the California State University are included in §41802 of Title 5, California Code of Regulations. For purposes of the refund policy, mandatory fees are defined as those systemwide fees and campus fees that are required to be paid in order to enroll in state-supported academic programs at the California State University. Refunds of fees and tuition charges for self-support programs at the California State University (courses offered through extended education) are governed by a separate policy established by the University.

In order to receive a full refund of mandatory fees, including nonresident tuition, a student must cancel registration or drop all courses prior to the first day of instruction for the term. Information on procedures and deadlines for canceling registration and dropping classes is available in the quarterly Class Schedule, “Fee Payment Instructions.”

For state-supported semesters, quarters, and non-standard terms or courses of four weeks or more, a student who withdraws during the term in accordance with the University’s established procedures will receive a refund of mandatory fees, including nonresident tuition, based on the portion of the term during...
which the student was enrolled. No student withdrawing after
the 60 percent point in the term will be entitled to a refund of
any mandatory fees or nonresident tuition.

For state-supported semesters, quarters, and non-standard
terms or courses of less than four (4) weeks, no refund of
mandatory fees and nonresident tuition will be made unless a
student cancels registration or drops all classes prior to the
first day in accordance with the University’s established
procedures and deadlines. Students will also receive a refund
of mandatory fees, including nonresident tuition, under the
following circumstances:

- The tuition and mandatory fees were assessed or collected
  in error;
- The course for which the tuition and mandatory fees were
  assessed or collected was cancelled by the University;
- The University makes a delayed decision that the student
  was not eligible to enroll in the term for which mandatory
  fees were assessed and collected and the delayed decision
  was not due to incomplete or inaccurate information
  provided by the student; or
- The student was activated for compulsory military service.

Students who are not entitled to a refund as described above
may petition the University for a refund demonstrating
exceptional circumstances, and the chief financial officer of
the University may authorize a refund if he or she determines
that the fees and tuition were not earned by the University.
Information concerning any aspect of the refund of fees may
be obtained from the Academic Records Office or the
University Cashier.

**Fees and Debts Owed to the University**

Should a student or former student fail to pay a fee or a debt
owed to the institution, the institution may "withhold
permission to register, to use facilities for which a fee is
authorized to be charged, to receive services, materials, food or
merchandise, or any combination of the above from any person
owing a debt" until the debt is paid (see Title 5, California
Code of Regulations, Sections 42380 and 42381). Prospective
students who register for courses offered by the University are
obligated for the payment of fees associated with registration
for those courses. Failure to cancel registration in any course
for an academic term prior to the first day of the academic term
gives rise to an obligation to pay student fees including any
tuition for the reservation of space in the course.

The institution may withhold permission to register or to
receive official transcripts of grades or other services offered
by the institution from anyone owing fees or another debt to
the institution. If a person believes he or she does not owe all
or part of an asserted unpaid obligation, that person may
contact the business office. The business office, or another
office on campus to which the business office may refer the
person, will review all pertinent information provided by the
person and available to the campus, and advise the person of
its conclusions.

**Credit Cards**

VISA and Master Card bank credit cards may be used for the
purchase of meal tickets from the University Foundation,
theatre tickets from the Cal Poly Theatre Box Office, tickets
for sports events from the Athletics Department, health
services from the University Health Center, Bookstore
purchases and for Extended University Programs fees. Visa,
Master Card, Discover Card, and American Express may be
used for payment of registration fees, tuition, housing and
certain other University fees using the telephone or web
credit card system. The University also accepts electronic
check payments, known as eCheck or ACH, using the
telephone or web on-line payment systems. Details
concerning the use of electronic checks and credit cards for
fee payments may be obtained from the University website
under MustangInfo.

**Procedure for the Establishment or Abolishment of a Student Body Fee**

The law governing the California State University provides that
fees defined as mandatory, such as a student body association
fee and a student body center fee, may be established. A student
body association fee must be established upon a favorable vote
of two-thirds of the students voting in an election held for this
purpose (Education Code Section 89300). A student body
center fee may be established only after a fee referendum is held
which approves by a two-thirds favorable vote the
establishment of the fee (Education Code, Section 89304). The
current student body association fee level was set at California
Polytechnic State University, San Luis Obispo by student
referendum in 1992. The campus President may adjust the
student body association fee only after the fee adjustment has
been approved by a majority of students voting in a referendum
established for that purpose (Education Code Section 89300).
The required fee shall be subject to referendum at any time
upon the presentation of a petition to the campus President
containing the signatures of 10 percent of the regularly enrolled
students at the University. Once bonds are issued, authority to
set and adjust student body center fees is governed by
provisions of the State University Revenue Bond Act of 1947,
including, but not limited to, Education Code Sections 90012,
90027, and 90068. Student body association fees support a
variety of cultural and recreational programs, child care centers,
and special student support programs.

The process to establish and adjust other campus-based
mandatory fees requires consideration by the campus fee
advisory committee and sometimes a student referendum.
The campus President may use alternate consultation
mechanisms if he/she determines that a referendum is not the
best mechanism to achieve appropriate and meaningful
consultation. Results of the referendum and the fee
committee review are advisory to the campus President. The
President may also request the Chancellor to establish the
mandatory fee. Authority to adjust fees after consideration
by the campus fee advisory committee and the completion of
a student referendum is delegated to the President.

---

*2003-2005 Cal Poly Catalog*
Financial Aid

The University has a variety of grants, loans, scholarships, and part-time employment opportunities designed to assist students financially. Students who need assistance to complete their college work should read this section carefully. Additional current information may be obtained by writing to the Financial Aid Office for a copy of the Financial Aid Handbook, or accessing their webpage.

The application for Financial Aid is called the Free Application for Federal Student Aid (FAFSA). It may be obtained from any university or college financial aid office or most high schools. It is also available on the Web at www.fafsa.ed.gov. Scholarship applications are filed online. The priority deadline for filing the FAFSA with the processor is March 2. Scholarship applications are also due on March 2.

Typical Student Expenses
Following are the average expenses per quarter for the 2000-2001 academic year for the California resident student attending Cal Poly. Charges for room and board are payable in advance or in quarterly installments. Nonresident students should be prepared to pay additional tuition and fees. For the 2002-03 school year nonresident tuition was an extra $188 per unit. Please see the "Fees and Expenses" section for more information. All State fees are subject to change upon approval by the Board of Trustees of the California State University.

University Estimated Expenses per Quarter
Registration fees .......................................................... 995
Room and board with 14-meal ticket .......................... 2,493
Books and supplies (estimated) ............................... 408
Personal expenses and transportation ......................... 906
Estimated total per quarter ........................................ $4,802

Cancellation of Registration or Withdrawal from the Institution and Financial Aid
Students who find it necessary to cancel their registration or to withdraw from all classes after enrolling for any academic term are required to follow the University’s official withdrawal procedures. Failure to follow formal University procedures may result in an obligation to pay fees as well as the assignment of failing grades in all courses and the need to apply for readmission before being permitted to enroll in another academic term. Information on canceling registration and withdrawal procedures is available from the Office of Academic Records, Admin 222, 805-756-2531.

Students who receive financial aid funds must consult with the Financial Aid and Student Accounts Offices prior to withdrawing from the University regarding any refunds or repayments of grant or loan assistance received for that academic term or payment period. If a recipient of student financial aid funds withdraws from the institution during an academic term or a payment period, the amount of grant or loan assistance received may be subject to return and/or repayment provisions.

UNIVERSITY SCHOLARSHIPS

General Information. Over 1100 scholarships are awarded each year by the Cal Poly Scholarship Committee and the various academic units within each college. Applications are submitted online to the Financial Aid Office. Scholarship Committee members review financial need, scholastic achievement, participation in school activities, community service, honors and organizational affiliations, and educational objectives. Some scholarships have additional requirements which relate to a concentration or field of study, geographic origin, class level, and project or design portfolios.

Generally, a student must have at least a 3.0 grade point average. There are some scholarships, however, that are awarded to students with lower grade point averages if they meet donor specified criteria. Both undergraduate and graduate students are considered for scholarships.

Annual Deadline Date:
March 2 for the following academic year

How to Apply
Visit the Financial Aid Office website for the latest information (www.calpoly.edu/~finaid). For need-based scholarships, the FAFSA must be filed. For priority consideration for financial aid programs and Cal Poly scholarships, the FAFSA should be received at the processor by March 2.

Scholarship Notifications
Scholarships are normally awarded during the spring and summer for the following academic year. During that time award notices are sent which include scholarship amount, disbursement and donor information. Recipients must be in good academic standing and maintain full-time enrollment while receiving a scholarship (extended education, concurrent enrollment and other college units are excluded). Some scholarships require recipients to have earned at least one-half the value of the scholarship during the previous year.

Scholarships are awarded for an academic year and are typically disbursed in quarterly increments. Non-attendance will result in cancellation or a prorated amount.

Athletic Program Grants-In-Aid
Cal Poly athletic grants-in-aid are offered to students participating in intercollegiate athletics. Grants are renewable on a quarterly basis, the requisites for renewal being at the discretion of the University.

The grant-in-aid is subject to the financial limitations imposed by the National Collegiate Athletic Association and any conference of which the University is a member. Financial aid, scholarships, specific outside resources and employment shall be considered in determining compliance with these limitations. Additional information can be provided by the Athletic Department.

Other Scholarships
In addition to the scholarships awarded by the University, awards from various private donors and organizations are available to assist students in meeting University expenses. Interested students should make inquiries for such awards directly to the sponsoring organization. Currently, Cal Poly students are the beneficiaries of over three million dollars of outside scholarship assistance each year.

LOANS
Loans are for educational purposes only, with definite provisions for repayment. There are four types: Federal Perkins Loans, Federal Parent Loans (PLUS), Federal Stafford Student Loans (formerly Guaranteed Student Loans), and Cal Poly Long-Term Educational Loans. Also available are small, short-term emergency loans.

Federal Perkins Loan is a five percent interest loan available to both undergraduate and graduate students. Annual amounts are based on the students' need as determined by the Financial Aid Office. Repayment begins nine months after the student leaves school or ceases to be at least a half-time student. The government pays the interest while the student is in school and during the grace period. There are cancellation and deferment provisions. The application for this loan is the FAFSA which must be submitted by March 2 for the upcoming school year.

Federal Parent Loans (PLUS) enable parents to obtain annually adjusted variable interest loans (not to exceed nine percent) for educational costs through banks and other lending institutions. A PLUS loan goes into repayment nine months after the student leaves school or ceases to be a student. Grants are imposed by the National Collegiate Athletic Association and are at the discretion of the University.

Cal Poly athletic grants-in-aid are offered to students participating in intercollegiate athletics. Grants are renewable on a quarterly basis, the requisites for renewal being at the discretion of the University.

The grant-in-aid is subject to the financial limitations imposed by the National Collegiate Athletic Association and any conference of which the University is a member. Financial aid, scholarships, specific outside resources and employment shall be considered in determining compliance with these limitations. Additional information can be provided by the Athletic Department.

2003-2005 Cal Poly Catalog
Federal Unsubsidized Stafford Loans are available for students who are ineligible for some or all of a subsidized Federal Stafford Loan. With the exception of demonstrated financial need, borrowers must meet all eligibility criteria of the regular Stafford Loan program. Interest payments begin immediately after the loan is disbursed or the borrower may add the interest to the amount owed. An additional amount of Unsubsidized Stafford Loan, above the normal Stafford limit, may be available to independent students and to dependent students whose parents are denied a PLUS Loan.

Alternative or Private Loans are offered by the private sector for the purpose of covering educational expenses and do not require students to demonstrate “financial need.” Careful review of the interest rates, repayment options and qualification standards will help students determine which is the best loan suited for their needs. This type of loan is meant to be used after traditional financial aid eligibility has been exhausted or for students who do not qualify for traditional need based aid programs. Visit the Financial Aid Office website or stop by the office for more information.

University Long-Term Educational Loans are granted to students who demonstrate a long-term educational need. They are approved by a standing loan committee on the basis of written applications, recommendations, and interviews. Interest rates charged on the unpaid balance during the repayment period range from four to ten percent depending on donor requirements. Accrual usually begins after the specified due date, graduation, or withdrawal from the University. A one percent service charge is deducted from the loan disbursement.

University Short-Term Emergency Loans are designed to help undergraduate students who cope with unanticipated, educationally-related financial emergencies. Registration fees, rent, or utility bills are expenses that students should plan. They are not considered emergencies as defined under this program. Each application is reviewed on a case-by-case basis by the Financial Aid Office. For further information, visit the Financial Aid Office website, or stop by the office.

University Educational and Emergency Student Loans are Funded by Donations from:

Agricultural Engineering Loan Fund
Alumni Loan Fund
American Society of Heating, and Air Conditioning Loan Fund
American Welding Society Loan Fund
Lamar Anderson Memorial Loan Fund
Student Architect Wives’ Club Loan Fund
Bachino Loan Fund
Baer-Beck Loan Fund
Edgar E. Bilodeau Loan Fund
Jed S. Blake Memorial Loan Fund
CFFA/Agricultural Education Loan Fund
California Association of Agriculture Laboratories Loan Fund
California Association/Resource Conservation Districts Loan Fund
California Retired Teachers’ Association Loan Fund
C.A.R.S.E.S. Loan Fund
Loga B. Camp Loan Fund
C.A.n S. Carter Loan Fund
Margaret Chase Memorial Loan Fund

Federal Pell Grants are designed to help undergraduates and teaching credential candidates pay for their education. The amount a student is eligible for depends on their Expected Family Contribution, the cost of education, full-time or part-time enrollment status, and how many quarters during the year they will be enrolled. To apply, students complete the FAFSA.

Federal Supplemental Educational Opportunity Grant (SEOG) is designed to assist undergraduate students who have a substantial financial need and who, without this aid, could not attend college. To be considered for this grant, applicants must submit a FAFSA to the processor by March 2 for the upcoming school year.

Federal Work-Study (FWS) is a need-based program which provides employment for students to assist them in completing their education. It is intended that work-study jobs not only assist the student financially but also provide pertinent work experience. Students awarded FWS can be referred to jobs located either on- or off-campus with approved departments/agencies. Pay rates vary depending on the job requirements and the student's skills. To receive priority consideration for this program, applicants must submit the FAFSA to the processor by March 2 for the upcoming school year.
CAL GRANTS

The California Student Aid Commission (CSAC) awards entitlement and competitive Cal Grants. To qualify, students must be California residents. If applying for a Cal Grant for the first time, students must complete the FAFSA and a Cal Grant CPA verification form. Request the GPA Verification Form from your high school or college. File the FAFSA with the Processor and mail the GPA Verification Form to CSAC by March 2.

For the latest information on the Cal Grant program, visit the CSAC website at www.csac.ca.gov

Cal Grant A awards money to middle- and low-income undergraduates. New awards are limited to students who will be freshmen, sophomores or juniors. Cal Grant A covers a portion of student registration fees and eligibility is tied to the cost of attendance at individual schools. Cal Grant A may be renewed until completion of four years in college. Students must continue to meet eligibility standards. Students may be eligible for an additional year of Cal Grant A at Cal Poly if enrolled in a campus designated five-year program, or in the teaching credential program.

Cal Grant B helps low income undergraduate students by providing a living allowance, or stipend. First year recipients get stipend only. Cal Grant B renewal recipients receive stipend plus a portion of registration fees. Cal Grant B may be renewed up to four years if eligibility requirements continue to be met. Extensions are allowed for campus designated fifth-year programs, including the teaching credential program. Cal Grant eligibility is tied to cost of attendance at individual schools.

Cal Grant T is awarded to students who have a bachelor’s degree and plan to enroll in a teacher credential program. The Cal T award is limited to one year. Students who received extended Cal Grant A or B benefits for participation in a teaching credential program, or are currently eligible for extended benefits, are not eligible for a Cal Grant T. Students who already have a teaching credential are not eligible. There is a teaching service requirement upon graduation. Failure to meet this requirement will require repayment of the grant. The Cal Grant T deadline is June 1.

State Educational Opportunity Program Grant (SEOP) assists students who have been admitted to the University through the Educational Opportunity Program (EOP). Undergraduate EOP students are considered for this grant when they file the FAFSA for the upcoming school year by March 2.

State University Grant (SUG) provides grants to offset the increased State University Fee. SUG is available to undergraduate and graduate students who are California residents and show financial need. To apply, file the FAFSA by March 2 for the upcoming year.

Cal Poly Grant provides grants to offset the increased campus Academic Fee. The Cal Poly Grant is available to undergraduate and graduate students who are California residents and show financial need. To apply, file the FAFSA by March 2 for the upcoming year.

STATE AID TO THE PHYSICALLY HANDICAPPED

The State Department of Vocational Rehabilitation provides financial assistance to students who have physical disabilities. This assistance equals the necessary school expenses and may include additional funds to help cover the cost of living. Students entitled to this assistance desiring more information and application procedures should contact the Department of Vocational Rehabilitation.
