A note on the Baker Science Center (Building 190)

The conference uses three areas:
- 180-101 is a lecture hall on Floor 1.
- The Registration area is in the main hallway on Floor 2, or just outside.
- The Studio Classrooms are on Floor 3.

There is an entrance to the building near each of these locations, indicated on the map by O.

The Baker Center is on a hill. Thus, each entrance is at ground level, but all are on different floors.
